

RALLY

FOR

Reinstatement

SUNDAY
Dec. 15

On Oct. 22, StoryCorps suddenly and without warning laid off 11% of our members in an overt act of retaliation. In a cynical move, Storycorps used the layoffs to bypass the union contract with CWA Local 1180 and directly target a shop steward. Management also targeted a worker who had filed a grievance around discrimination at the organization.

In response, hundreds of CWA 1180 members and allies signed a **petition** calling for the members' reinstatement, and the Union filed **Unfair Labor Practice Charges**.

In an incredible show of solidarity, union workers at StoryCorps have **shut down** captive audience meetings and organized **non-stop** collective actions every week since the layoffs to counter management's union busting tactics.

Almost two months from the layoffs, StoryCorps workers are turning up the heat, calling on all supporters to join a **Rally for Reinstatement** outside StoryCorps Headquarters on **Sunday, Dec. 15**.

Help us send a message to StoryCorps Management: **REINSTATE** the workers you retaliated against, **RESPECT** the contract, and **BARGAIN** in good faith with Local 1180.
