GUEST SPEAKER

Khalia R. Hayslett

Ms. Wheelchair New York 2023,
Executive Director of the Sunshine Network

Khalia Hayslett, a proud Brooklynite, brings a strong history of advocacy to the NYC Transit Riders Council. Crowned Ms. Wheelchair New York in 2023, she used her platform to promote accessibility, awareness, self-acceptance, and a disability-inclusive lens across industries, especially transportation, technology, urban design, and education. She was born with Authrogyrosis, a rare congenital muscle and joint disease. Khalia is passionate about mentorship and believes educating younger generations to view the world through a disability-inclusive lens creates lasting positive impact. In collaboration with Disability Unite, Khalia led workshops on diversity and inclusion for ninety-two CUNY interns, providing the students with lived experiences without personal tragedy. Khalia is Executive Director of the Sunshine Network, the only Travel Education organization in New York. She teaches New Yorkers with disabilities how to navigate all modes of accessible transportation to promote empowerment through independent travel without being beholden to paratransit. She also provides research of the topography around the train stations that have elevators and escalators deemed accessible for real life conditions.
