# Luggage of LOVE *drive*

For Young Adults  
Leaving Foster Care

We're collecting carry-on suitcases and essential personal care items — like toothpaste, toothbrushes, body wash, lotion, shampoo, and deodorant — to support local young adults transitioning out of the foster care system.

This is a meaningful way to show they're not alone. Donations then will be distributed on Aug. 8 during a special event for NYC foster youth and students in temporary housing.
